

### Progress Update

Since our last update, we have completed all superstructure works, windows, and roofs, and we are now in the process of removing the scaffolding from all the blocks. Work is progressing well internally. At the community centre, we have completed the superstructure works and most of the scaffolding, with internal work now progressing. For the small MakerLabs building, we have completed the superstructure, and the next steps are the roof installation and internal works.

### Upcoming Works

Over the next three months, we aim to complete the removal of all scaffolding, commence external finishes, and finalise the first blocks internally. Some of the hoarding will begin to be taken down as work progresses, alongside continued efforts to complete the internal finishes.

### The Hill Team

Meet the key members of the project team who are your dedicated points of contact whilst the development is underway. A full list of team members can be found on the project website:

### Social Value

Hill Group, in partnership with RHP, delivered a festive event at St Richard's Primary School, bringing plenty of Christmas cheer to pupils and parents alike. As part of the celebrations, Santa was on hand to greet the children and distribute presents to all 156 pupils. A hot drinks cart was also provided for parents collecting their children, adding a warm and welcoming touch to the afternoon.

In addition to the Christmas event, Hill Group, in partnership with various subcontractors working on site, donated over £1,400 worth of gifts to Shooting Star Children's Hospice in Richmond. This donation supports children with life-limiting conditions, their families, and the dedicated staff who care for them in the local community.

Santa and his helpers from Hill Group and RHP spreading festive cheer!

### Christmas Closure
