

Progress Update

Since our last update, most of the scaffolding has been removed. Three blocks have been completed, with the final block currently in progress, and external works are now underway. Internal works are progressing well, with many plots nearing completion.

At the community centre, the building is now fully constructed, and all scaffolding has been removed. Internal works are now being finalised. For the small Makers Lab building, both external and internal works are nearing completion, bringing the project closer to its final stages.

Current Progress on Site

Upcoming Works

The final stages of the scheme are underway, with completion expected within the next three months

The Hill Team

Meet the key members of the project team who are your dedicated points of contact whilst the development is underway. A full list of team members can be found on the project website:

Lenny Mazuru, Project Manager

Salma Khan, Social Value and Community Manager

Social Value

In partnership with our carpentry contractors, J. L. O'Rourke & Sons, the Ham Close project team recently supported Anstee Bridge Primary School in a creative initiative for young people facing social, emotional, and mental health challenges.

Students worked with JLO to build and decorate wooden thank you boxes for NHS staff, police, and fire services, giving them the opportunity to show appreciation to those who keep our communities safe.

The activity helped students develop practical skills, boost confidence, and learn the value of gratitude and kindness, all while expressing themselves in a meaningful way.

We would like to extend a huge thank you to everyone involved for making this possible and helping young people build brighter, more confident futures.

Site Operating Hours

Monday – Friday 08:00 to 18:00 and Saturday 08:00 to 13:00.

Any general enquiries should be directed to residents@hill.co.uk or **0800 032 6760**.
